

## OWN THE ZONE SPORTS WRISTBAND SIZING AND CARE INSTRUCTIONS

### HOW TO MEASURE

WRIST: Place a fabric tape measure around the base of the wrist and note the measurement.

### CHOOSING THE RIGHT SIZED WRISTBAND

Wrist measurements are given in inches. If your measurement is on the borderline between two sizes, select the smaller of the two sizes. Due to the custom highly flexible and stretchable material the smaller size will fit most players of all ages.
